Radar System
RRP-117/ FPS-117

SPARE PARTS FOR THE RADAR SYSTEM RRP-117

The steep GmbH produces spare parts for original components of the radar system RRP-117 (Remote Radar Post). These have the same form, fit and function as the parts of the original equipment manufacturer, but have a better performance and a lower price. Our portfolio also includes re-designs of obsolete and no longer available original components. The spare parts have proven successful in deployment for many years. As a rule, they can also be used in the system FPS-117.

Overview of our Radar Spare Parts:

L-Band Amplifier 2 x 5 W			
steep part no:	17.056.0003.00		
NSN:	5996-12-369-4477		
OEM part no:	77C716282P002		
Replacement for NSN:	5996-01-153-9542		
L-Band Amplifier 50 W			
steep part no:	17.056.0002.00		
NSN:	5996-12-370-3883		
OEM part no:	77C716351P004		
Replacement for NSN:	5996-01-347-0099		
L-Band Amplifier 100 W			
steep part no:	17.056.0001.00		
NSN:	5996-12-370-3882		
OEM part no:	77C716283P005		
Replacement for NSN:	5996-01-441-1594		
T/R Switch			
steep part no:	17.056.1190.02		
NSN:	5998-12-401-4402		
OEM part no:	7328733G001		
Replacement for NSN:	5998-01-304-1662		
Phase Shifter			
steep part no:	17.056.1190.01		
NSN:	5915-12-401-4403		
OEM part no:	77A107817P001		
Replacement for NSN:	5915-01-306-5513

The steep GmbH is a leading manufacturer of special customized developments and looks back onto many years of experience concerning the technical and logistical realisation of projects.

The service portfolio of the steep GmbH is presented in the individual letters of „steep“: **S** for Service, **T** for Training, **E** for Engineering, **E** for Energy and **P** for Products. The competences of the single business units span from process-optimising consulting and IT support via individual services such as systems integration, technical services, training and documentation up to designing entire service fields, founding a unique basis for the design of complex and tailored models.

Deriving from our core competences, we integrate premium and innovative products into our customized service solutions.
